PROFESSIONAL SUMMARY

Results-driven **Frontend Developer** with strong expertise in designing, developing, and maintaining high-quality frontend applications. Proficient in modern UI development using **React.js, Vue.js, JavaScript, HTML, and CSS**. Adept at developing and implementing responsive and interactive user interfaces while adhering to the latest trends and technologies in frontend development. Proven ability to collaborate with cross-functional teams, participate in code reviews to improve overall code quality, and troubleshoot and resolve technical issues efficiently.

TECHNICAL SKILLS

Frontend Development & UI: React.js, Vue.js, JavaScript, HTML, CSS, Redux, Bootstrap, SASS, TypeScript, AJAX, JSON, jQuery, AngularJS (Concepts), React Native (Concepts)

Backend & Databases: Node.js, MongoDB, MySQL

Tools & Version Control: Git, GitHub, VS Code, Figma, Postman

Core Competencies: UI Development, Responsive Web Design, Web Development, Code Reviews, Code Quality Improvement, Technical Troubleshooting

WORK EXPERIENCE

Frontend Developer Intern | *Emertxe Pvt. Ltd.*

Aug 2025 – Dec 2025

- Designed, developed, and maintained high-quality frontend applications utilizing React.js, JavaScript, HTML, and CSS.
- Developed and implemented responsive and interactive user interfaces, successfully improving client-side responsiveness by 25%.
- Participated in peer code reviews and contributed to improving overall code quality and maintainability.
- Stayed updated with the latest trends and technologies in frontend development to implement modern web development practices.

Software Development Engineer Intern | *Bluestock Fintech*

Apr 2025 – Jun 2025

- Collaborated with cross-functional teams to identify and prioritize project requirements for new UI features.
- Troubleshooted and resolved technical issues efficiently across various frontend and backend application modules.
- Utilized React.js and Node.js to enhance web applications, ensuring optimal responsive web design and performance.

KEY PROJECTS

HomelyHub Web | Real Estate Portal (*React.js, UI Development, CSS*)

- Developed a high-quality frontend application for property search, focusing strictly on responsive web design principles.
- Built interactive user interfaces with React.js and implemented localized styling to maintain excellent code quality and prevent style leakage.

Comprehensive Student Management System *(React.js, Node.js, MongoDB)*

- Architected a robust frontend development workflow, integrating seamless JSON data fetching from REST APIs.
- Designed a responsive and interactive student dashboard utilizing React.js, Redux, and modern UI development frameworks.

EDUCATION

Bachelors Degree in Information Technology	2023 – 2026
<i>University College of Engineering and Technology (UCET) Expected Sept 2026 Lateral Entry</i>	
Diploma in Computer Engineering	2020 – 2023
<i>Govt. Polytechnic, Kharsawan Distinction Graduate</i>
